MELL AVE MULTI-LEG OPERATIONAL IMPROVEMENT PROJECT

FEE NEGOTIATIONS – VOLKERT

VOLKERT was asked to prepare a scope of work and fee for the above referenced project. As with POND, the principal requirement for the scope of work was to ensure all permitting and plan development processes and procedures satisfied the FHWA requirements to ensure the project would be eligible for future federal construction funding.

VOLKERT prepared a fee and scope and submitted to staff for review. Staff reviewed the scope and fee. Staff determined the scope of work would satisfy the FHWA requirements for permitting and plan development. The 1st submittal of the fee was in the amount of \$571,000. Staff reviewed the fee, which included an analysis of the total hours associated with each phase of a future federally funded construction project; whereby the phases are as follows:

- ✓ Concept Report
- ✓ Database Development
- ✓ Environmental Permitting
- ✓ Preliminary Plans
- ✓ Right-of-Way Plans
- ✓ Final Plans

Staff determined the hours associated with each phase of the project was inconsistent with the hours estimated by staff based on other similar projects. The assessment was also based on staff's experience performing similar tasks.

To prepare for fee negotiations, Staff development the hours for each phase of work and forwarded to its estimate to VOLKERT. After several negotiation sessions, VOLKERT submitted a revised fee of \$484,959.

Before VOLKERT submitted their revised fee, staff estimated the fee to be in the range of \$456,000 to \$510,000.

Staff agreed with VOLKERT's revised fee of \$484,959.

Staff recommends that a contract be prepared with VOLKERT to perform design services for the project for the fee of a \$484,959.

Staff also recommends that VOLKERT be released for each phase of work on a task order basis with ONLY Task Order #1 - Concept Report, work being performed at this time. The approximate duration to complete this task is 18 months. The rationale for releasing only the Concept Phase is that since this project is not included in the ARC TIP (Transportation Improvement Plan), GDOT will need to be persuaded to approve of the all elements of Concept Report development. The time for the state to perform this work will take longer than usual. A GDOT Program Manager familiar with Clarkston and what the city has accomplished over the years, has informed staff that she will be the "go between" to help shepherd the plans through GDOT staff.

Once the Concept Report is completed, the city will submit an application to ARC for federal construction funding in FY 2023/2024 at which time GDOT will assign a project number (PI#) and the city can then release VOLKERT to continue with Task Orders #2-5.

The anticipated duration for the entire design process; Concept through Final Plans; will be 3 years.

The anticipated date for construction to commence is fall of 2025/spring 2026.

Staff makes note that CSX Permitting will be involved. There is anticipated to be significant review time by CSX due to the proximity of the improvements to RR ROW and the proposed signals. CSX will also require a "Review Fee". Based on the streetscapes CSX fee, staff estimates the fee for this project to be approximately \$70,000. Staff will apply for a CSX permit and will present to council CSX's fee and contract upon receipt. This is expected to occur later this year.

Staff further makes note that since limited SPLOST monies remain to fund the entire design cost, this approach of releasing only the Concept Phase is workable within the SPLOST budget. With the possibility that a future county SPLOST could be on the ballot in FY 23, the City would then appropriate funds from its SPLOST allocation (if the SPLOST referendum passes) to complete the remaining design phases including the cities 20% match for construction funding.

Staff estimates the construction cost for the project to be on the order of \$2.75 to 3.25M.

Staff Recommendation

Council approve of the total contract fee from VOLKERT in the amount of \$484,959 but only release VOLKERT to perform Task Order #1 – the Concept Phase, in the amount of \$208,986.82.

PURPOSE:

To approve the contract renewal with Sears Pool Management Consultants, Incorporated.

NEED/ IMPACT:

In January 2020, the city issued a Request for Proposals (RFP) for pool management services. Receiving three (3) proposals the RFP review team recommended to contract with Sears Pool Management. In March 2020, the city shut down due to the Covid 19 pandemic. During this time, a recommendation was not presented to the City Council on a pool management servicing team. Sears Pool Management continued servicing the pool to prepare for the pool opening in May 2020.

Based on unproductive internal discussions with (city) management staff and Sears Pool Management, from July 2020 to August 2020, management staff did not find it advantageous to continue services with Sear Pool Management and contracted with Dynamo Pool Management.

For the 2021 pool season, a contract was signed with Dynamo Pool Management on May 17, 2021 to provide management services for \$43,300 from May 2021 to April 30, 2022.

For the 2022 pool season, staff requested quote updates from Sears Pool Management Consultants and Dynamo Pool management and received the following quotes:

Dynamo Pool Management; \$58,200
Sears Pool Management; \$53,750

Both companies submitted cost increases due to increased staffing and maintenance costs.

RECOMMENDATIONS:

Staff recommends approving a contract with Sears Pool Management Consultants to provide pool management services.

require additional work on the part of SPMC to accommodate said changes. Hence, extra charges may apply, as described below.

Pool Parties/Special Events

During regular operating hours, all private pool parties with twelve (12) or more attendees must be submitted to SPMC (on SPMC's party request form) and cleared with SPMC management at least 7 days prior to the date of the party. Parties with fifteen (15) or more attendees may require an extra guard to be booked, depending on the judgment of SPMC management. This will depend on the day of the party (weekday, weekend, holiday). Pool parties with eleven (11) or fewer guests do not need to be cleared by SPMC management, but we prefer that Club Members give us advance notice of at least 4 days. After hours pool parties are permitted once SPMC receives notice of Client's approval, and if there is sufficient lighting (determined by SPMC management) in the pool area.

If it is determined that an additional guard will be necessary, lifeguards will be staffed, one (1) for every twenty-five (25) individuals. The Club Member will pay SPMC thirty-five (\$35.00) dollars per hour for each additional lifeguard necessary, with a minimum seventy (\$70.00) dollars per event. Payment must be received by SPMC at least one day prior to the party date. Client may elect to be invoiced for parties, and handle party fees privately with the Club Members.

An additional lifeguard will be required for all parties where alcohol is served. During all private parties, all children eight (8) and under must be supervised by an adult. Teenage and college age parties must have at least one adult chaperone for each 15 people at the party. Parties that leave a large mess may be subject to penalty charge to cover extra clean-up time.

Club Member may cancel a party with 24-hour notice and receive a full refund. Parties cancelled with less than 24-hour notice will receive a 50% refund. If Club Member wishes to cancel, reschedule or postpone the party, Club Member must contact SPMC at least two hours in advance of the original party time. There will be no additional charge to cancel (with full refund), reschedule or postpone a party due to inclement weather with a two-hour notice.

Any unscheduled parties with 15 or more attendees will be subject to a charge of \$200. If emergency staffing is available and SPMC staffs an unscheduled party at the last minute, the rate shall be \$60/hr per guard. If emergency staffing is not available, SPMC reserves the right to close Pool or cancel party, if the party poses a safety risk. Charges will be billed to Client. Client is responsible for collecting charges from Club Member for breach of party policy.

Changes to Schedule A

If Client wishes to change Schedule A once under contract, SPMC will make its best efforts to accommodate the schedule change. There will be a schedule change fee of \$100. This fee covers administrative expenses associated with changing the schedule in our computer and in our books, making phone calls to move staff to accommodate the new schedule, and calculating the difference in hours and money due.

All hours deleted by Client or Not Staffed by SPMC from Schedule A shall be credited at \$13.50/hr. Hours added to Schedule A shall be billed at the following rates:

Pre-Memorial Day

Non-school day rate: \$27/hr

EXHIBIT A

Thank you for registering your subdivision on the national settlement website and for considering participating in the proposed Settlement Agreement with Johnson & Johnson, Janssen Pharmaceuticals, Inc., Ortho-McNeil-Janssen Pharmaceuticals, Inc., and Janssen Pharmaceutica, Inc. (collectively “Janssen”). This virtual envelope contains a Participation Form for the settlement including a release of claims and a separate Signature Page for Georgia’s State and Local Governments: Memorandum of Understanding Concerning National Distributor and Johnson & Johnson Opioid Settlements. (A copy of the Memorandum is also attached.) Both documents in this envelope must be executed, without alteration, and submitted in order for your subdivision to be considered potentially “participating.”

Prior to that date, on or after January 26, 2022, based on national participation as of January 26, 2022, the states (in consultation with the subdivisions) and Janssen will determine whether the subdivision participation rate is sufficient for the settlement to move forward. If the deal moves forward and you elect to participate, your release will become effective. If it does not, it will not.

As a reminder, if you have not already started your review of the settlement documentation, detailed information about the Settlements may be found at: <https://nationalopioidsettlement.com/>. This national settlement website also includes links to information about how the Settlements are being implemented in your state and how settlement funds will be allocated within your state, including information about, and links to, any applicable allocation agreement or legislation. This website will be supplemented as additional documents are created. Georgia has also created a state-specific website which may be accessed here: consumer.georgia.gov/opioidsettlement.

State of Georgia and Local Governments: Memorandum of Understanding Concerning National Distributor and Johnson & Johnson Opioid Settlements

Foreword

This Memorandum of Understanding between the State of Georgia *ex. Rel* Chris Carr, Attorney General and certain Georgia Local Government (“LGs”) entities concerns the harms visited upon Georgia’s citizens and the State itself by certain manufacturers and distributors (“Opioid Defendants”) of prescription opioids.

To address these harms, the State and certain of its local government entities separately initiated litigation meant to hold the Opioid Defendants accountable.

Some Distributor Opioid Defendants, namely McKesson Corporation, AmerisourceBergen Corporation, and Cardinal Health, Inc. (each a “Settling Distributor”) and Janssen (“J&J”)¹ have separately reached settlement frameworks (referenced as “National Distributor Settlement” and “J&J Settlement”) with certain states and local government entities that the State of Georgia and LGs have the option to join.

This Memorandum aims to memorialize an agreement between the State and certain LGs that would enable the State and certain LGs to join the National Distributor and J&J Settlements and maximize the monetary help that the State and its LGs receive.

- ii. If a county who is a Participating Local Government under this Memorandum has a hospital which is a Litigating Subdivision listed in Exhibit C of the National Distributor Settlement, at least 2% of the Opioid Funds paid to that county shall be allocated to the hospital to be used for Approved Purposes.
 - iii. If a county who is a Participating Local Government under this Memorandum has a school district which is a Litigating Subdivision listed in Exhibit C of the National Distributor Settlement, at least 1% of the Opioid Funds paid to that county shall be allocated to the school district to be used for Approved Purposes.
- b. The State shall receive 75% of the National Distributor and J&J Settlements as its full allocation of State Opioid Funds.
- c. Of the State's 75% share, the State shall expend at least 40% of those funds on a regional basis ("Regional Distribution").  - iii. Where a municipality located wholly within a Qualifying Block Grantee or wholly within abutting Qualifying Block Grantees would independently qualify as a block grant recipient (an "Independently Qualifying Municipality"), the Independently Qualifying Municipality will receive a Block Grant directly

payable to the Independently Qualifying Municipality according to the percentages in the allocation model available at www.opioidnegotiationclass.info implemented in In re: National Prescription Opiates Litigation, MDL No. 2804 (N.D. Ohio) (the “Negotiation Class Allocation Model”).

- iv. The State shall assign initial regional allocation percentages to the Regions based on the allocation model available at www.opioidnegotiationclass.info implemented in In re: National Prescription Opiates Litigation, MDL No. 2804 (N.D. Ohio) (the “Negotiation Class Allocation Model”). Every three years, the Trustee shall recalculate the regional allocation percentages to the Regions based upon the following severity metrics: (1) the number of fatal opioid overdoses within the Region; (2) non-addiction treatment morphine milligram equivalents (MME) shipped into the Region; and (3) addiction treatment MME shipped into the Region.
- v. For each Region comprised of multiple Participating Local Governments, Participating Local Governments shall form a Regional Advisory Council of three to seven members, not all of whom may reside in the same County. - vi. The Regional Advisory Councils shall be available to consult with the Government Participation Mechanism and with Participating Local Governments to best determine how funds will be spent for opioid remediation within the established Regions. In every instance the Trustee shall retain final authority over disbursement of the State Opioid Funds.

IV. Funds to be used for Approved Purposes; Clawback and Recoupment

- a. With the exception of administrative expenses identified in Section V.b, funds set aside for attorneys’ fees and costs for State of Georgia outside counsel, and funds set aside for attorneys’ fees for Local

Settlement Document

Government outside counsel pursuant to Section VII of this Memorandum, State Opioid Funds and Local Government Opioid Funds shall be used for Approved Purposes.

- b. Funds are to primarily (no less than 70 percent) be used for future abatement purposes. Funds used to reimburse the parties for past abatement expenses may not be used to reimburse past Medicaid expenses or any other expense that would be subject to a federal clawback, recoupment, or similar mechanism.
- c. The State and Local Governments shall work cooperatively to ensure the funds are spent within the spirit of this Agreement and the Settlements reached with the Distributors and J&J, and shall further work cooperatively to actively defend the funds from federal clawback and/or recoupment, including, but not limited to, actively participating in any administrative procedure or other case or process related to defense of the funds from federal clawback and/or recoupment. In the event the federal government initiates and successfully claws back any Opioid Funds related to the Settlements, such amounts shall first be deducted from the total disbursements to be made to both the State and Local Governments in the calendar year the clawback claim is successfully made and shall thereafter be deducted from the total disbursements to be made in any subsequent calendar year if necessary. After such deduction, the allocation between the State and Local Governments described in Section IV of this Memorandum shall be applied to the remaining funds for the current calendar year or any subsequent calendar year if applicable. Deduction of amounts from the total disbursements shall include reimbursement of any amounts paid by the State or withheld from amounts due to the State as the result of a clawback and/or recoupment.

V. Compliance and Reporting

- a. The Trustee shall provide an up-to-date accounting of payments into or out of the trust and/or its subaccounts upon written request of the State or a Participating Local Government. The State, through the Trustee, shall provide an annual report detailing: (1) the amounts received by the Trust; (2) the allocation of any awards approved, listing the

Settlement Document

recipient, amount awarded, programs funded, and disbursement terms; and (3) the amounts actually disbursed. The Trustee shall also include an assessment of how well resources have been used by the State and the Local Governments and Regions to abate opioid addiction, overdose deaths, and the other consequences of the Opioid Crisis. The State shall publish its annual report and all Regional Advisory Council annual reports on its website.

- b. Expenses of the Trustee shall be deducted first from interest earned on funds held by the Georgia Opioid Crisis Abatement Trust, and then, if necessary, may be deducted from the corpus of State Opioid Funds.
- c. The State shall endeavor to keep such Trustee expenses reasonable in order to maximize the funding available for Opioid Abatement.
- d. Each Regional Advisory Council shall provide a report annually to the Trustee and Government Participation Mechanism detailing: (1) the amount received by each local government within the Region; (2) the allocation of any awards approved, listing the recipient, amount awarded, programs funded, and disbursement terms; and (3) the amounts actually disbursed and approved allocations. Each Participating Local Government within each Region shall provide any information necessary to facilitate such reporting to a single Regional Delegate selected by the Region to provide its annual report.
- e. If the State believes that any Participating Local Government has used funds for a non-approved purpose, it may request in writing the documentation underlying such alleged improper use of funds. If any ten (10) Participating Local Governments believe the State has used funds for a non-approved purpose, they may request jointly in writing the documentation underlying such alleged improper use of funds.
- f. The State and Participating Local Governments may object in writing to the Trustee to an allocation or expenditure on the basis that the allocation or expenditure is inconsistent with Section IV of this Memorandum or violates Section V.c of this Memorandum regarding reasonable expenses of the Trustee.

Settlement Document

- g. Any party to this Memorandum who receives a written request sent pursuant to V.f or V.e shall have 21 days to respond to such request, which may be extended by mutual consent.
- h. A party who makes a written request pursuant to V.f may file an action in the Superior Court of Gwinnett County within one year of its objection seeking a determination as to the validity of the objection.
- i. If, after a written objection made pursuant to V.e, it appears to the State that a Participating Local Government has spent funds on non-approved purposes, the State may seek and obtain an injunction in the Superior Court of Gwinnett County prohibiting the Participating Local Government from spending further funds on non-approved purposes, and to return the monies spent on non-approved purposes. So long as any such action is pending, distribution of any funds to the relevant Participating Local Government shall be suspended and held in trust by the Trustee or national Settlement Administrator and shall only resume after the action is resolved. Once the action is resolved, suspended payments to the Participating Local Government shall resume, less any amounts ordered returned that have not yet been returned as of the date of the resumption of suspended payments.
- j. Attorney's fees and costs are not recoverable in actions brought under this Section.

VI. Litigation Bar

- a. This Memorandum of Understanding is designed to maximize the funds that the State and LGs receive to address an extraordinary crisis. It is the expectation of the Parties that once this Memorandum is executed and the Opioid Settlements are finalized, the Parties will proceed to execute releases of existing claims against the Released Entities. In the event the State of Georgia and the Participating Local Governments proceed forward, execute said releases, and release the Released Parties from all future liability, their entitlement to funds under the terms of the Opioid Settlements could be significantly delayed or subject to suspension or offsets if a currently litigating or later-litigating local government maintains or assert claims against the Released Entities. This would be detrimental to the State of Georgia's and the LG's opioid

Settlement Document

abatement efforts, and delay or reduce the help provided to Georgia's citizens.

- b. Therefore, it is understood between the parties to this agreement that upon execution of the Settlements with the Released Entities, that legislative action will be necessary, as it constitutes the most efficient and effective means to ensure the maximum amount of funds are made available to abate the opioid epidemic in Georgia without unnecessary delay.
- c. The Parties shall, as soon as practicable, submit draft legislation to the General Assembly that shall impose a Litigation Bar. A Litigation Bar is a law that either (1) imposes a direct bar preventing Subdivisions from maintaining Released Claims against Released entities or (2) gives the State the exclusive authority to bring, maintain and resolve Released Claims (as defined in Section I.GGG of the Distributors Settlement Agreement or Section I.60 of the Janssen Settlement Agreement) against Released Entities (as that term is defined by Section I.HHH of the Distributors Settlement Agreement or Section I.61 of the Janssen Settlement Agreement) on behalf of any Subdivision and which has the effect of barring all Released Claims by such Subdivision. The Litigation Bar shall include a requirement that any Released Claims brought by such Subdivision are dismissed by the court in which the claims(s) was (were) brought. The term "Subdivision" shall be defined so as to meet the requirements of the term "Bar" as it is defined both in Definition I of the National Distributor Settlement and Definition 9 of the J&J Agreement.
- d. Participating Local Governments shall make active efforts to pass a Litigation Bar. To that end, within 30 days of this Memorandum, Participating Local Governments shall form a Legislative Advocacy Committee consisting of 8 total members. The committee shall be comprised of:
 - i. Four members appointed by the Georgia Municipal Association, two of whom shall be members of the Republican Party and two of whom shall be members of the Democratic Party;

Settlement Document

- ii. Four members appointed by the Association of County Commissioners of Georgia, two of whom shall be members of the Republican Party and two of whom shall be members of the Democratic Party.
- iii. Members of the Legislative Advocacy Committee shall have the skills, time, expertise, and willingness to affirmatively plan, support and participate in all manner of advocacy in support of passage of a Litigation Bar.
- iv. “Active efforts to pass a Litigation Bar” shall at a minimum include attending committee hearings on proposed Litigation Bar legislation; testifying in favor of such legislation at any hearings; engaging in press appearances in favor of Litigation Bar; attending biweekly meetings of the Legislative Advocacy Committee during each month for which the General Assembly is in session (special or regular); and lobbying members of the General Assembly and of local government entities or organizations to encourage passage of the Litigation Bar.
- e. The LGs specifically agree to comply with and support all reasonable requests directed toward obtaining passage of the Litigation Bar from the Attorney General or any other party.
- f. This Memorandum is specifically conditioned on the passage of a Litigation Bar by the General Assembly and its approval by the Governor.
- g. The Litigation Bar shall be both retroactive and prospective, and shall cut off all current and future litigation against the Released Entities. The Litigation Bar shall only apply to Released Entities and Released Claims, and shall not apply in any way to claims or entities not otherwise released in the Opioid Settlements. For the avoidance of doubt, the Litigation Bar shall not apply to any remaining claims or causes of action pending in *In re Opiate Litigation* MDL 2804 against non-settling Defendants, or to any remaining claims or causes of action

Settlement Document

pending in State of Georgia v. Teva Pharmaceutical Industries, LTD, et al., Case No. 19-A-00060-2 against non-settling Defendants.

- h. The Parties shall jointly endeavor to take all other steps necessary to release all outstanding Released Claims against the Released Parties and to obtain the Litigation Bar described in Section VI above and Exhibit 2 below concerning the parties to the National Distributor and J&J Settlements so long as this Memorandum of Understanding is in effect.
- i. The Parties shall endeavor and use their best affirmative efforts to obtain passage of the Litigation Bar in the next chronological session of the General Assembly, whether a special session or general session, and shall continue to endeavor and use their best affirmative efforts to obtain passage of the Litigation Bar until the General Assembly passes the same and it is approved by the Governor. In the event a Litigation Bar is not enacted into law by July 15, 2023, this Memorandum is null and void.
- j. It is understood by the parties to this Memorandum that the use of a Litigation Bar as contemplated in this section should not be deemed as precedent setting for future settlements in this litigation or in future litigations.

PURPOSE:

To approve the change order #38 for SPLOST 04 B & C Pedestrian Enhancement Trailhead and Rowland Street chicanes removal and speed tables installation on Rogers Street.

NEED/ IMPACT:

A community meeting was held with staff in November 2021 that allowed residents to vent concerns related to the installation of chicanes on Rogers Street.

A traffic study was not conducted at this location, according to the consultant engineer. A public meeting had been held. However, no announcing letters were delivered to the properties notifying property owners of the public meetings held in 2017-2018.

Currently residents are unclear of why Rogers Street was chosen for the chicanes method of traffic calming without their input.

Six (6) chicanes have been approved for installation.

Four (4) chicanes have been installed. Two (2) chicanes are pending installation.

According to residents, chicanes are damaging cars.

Cars are not currently stopping at the Hill Street and Rogers Street stop sign.

Residents are concerned with depreciating property values due to chicane installation.

Residents are concerned about emergency vehicles having access to Rogers Street.

Residents are concerned that the location of the chicanes are too close to residence driveways.

RECOMMENDATIONS:

Staff recommends referring to the Public Safety and Legal and Transportation and Infrastructure Committees for review with residents.

PURPOSE:

To approve Change Order #44 for SPLOST 04 B & C Rowland Street Road Diet Project /paving of Hill Street.

NEED/ IMPACT:

This is a request to add the milling, resurfacing, and striping back into the project scope of the SPLOST 04 B & C Rowland Street Road Diet Project as a change order. The striping work would include double yellow centerline striping.

City Council removed Hill Street from the SPLOST 04 B & C Rowland Street Road Diet project in early 2021. The scope of work in the bid package included resetting granite curb, asphalt milling, resurfacing, striping for angled parking on the east side of Hill Street and a raised landscaped median.

Hill Street requires milling and resurfacing. Additionally, Rogers Street and Rowland Street will be resurfaced and thus excluding Hill Street from resurfacing will appear as an “incomplete” SPLOST project.

The change order #44 quoted amount is \$49,360.
