PURPOSE: To discuss allocating additional funds from ARPA to complete the calisthenic equipment park maintenance/upgrade projects. The projects include installation of a poured stone subbase and rubber surface, with site security for \$17,275.00. The project also includes a proposed shade structure or canopy up to \$6000. The total will not exceed \$25,000.

NEED/ IMPACT: The Bliss Products and Service Company was the chosen company to produce and install the calisthenics equipment at Milam Park for an allocation not to exceed \$25,000. In order to complete the project with materials that will endure long term play and exercise time, staff reviewed ground covering options. After consultation with staff and other companies regarding ground covering options, the recommendation is to install an environmentally friendly/safe poured stone subbase and rubber surface. Materials will also be a resource for hinderance/prevention of puddling and flooding at the site.

RECOMMENDATION:

Staff recommends approving allocating an additional \$25,000 from ARPA for the completion of the calisthenic equipment park maintenance/upgrade projects.

NEED/ IMPACT:

A variance request from the terms of the ordinance must not be contrary to the public and must be evaluated based on the 6 criteria points. A variance may be granted in an individual case of unnecessary hardship upon a finding by the city council that all of the following conditions exist:

1. There are extraordinary and exceptional conditions pertaining to the particular piece of property in question because of its size, shape, or topography.
2. Such conditions are peculiar to the particular piece of property involved.
3. Such conditions are not the result of the actions of the applicant.
4. A literal interpretation of the provisions of this ordinance would create an unnecessary hardship.
5. The variance requested will not cause substantial detriment to the public good nor impair the purposes or intent of the zoning ordinance.
6. The variance is not a request to permit a structure or use of land not authorized in the applicable district.

STAFF RECOMMENDATION:

Staff recommends denying the variance requests.

PLANNING AND ZONING BOARD RECOMMENDATION: 09/20/2022

Analysis:

According to Section 1107 Minimum off-street Parking Requirements; one (1) parking space is required per 2,000 square feet.

Commercial, manufacturing and industrial not for retail	1 space per 2,000 sq. ft. of gross office, plant and storage area
---	---

Section 709- I Light Industrial district (g) Buffer requirements, (1) When a use within the I district abuts any residential district use, a fifty-foot landscaped buffer shall be required.

The applicant is proposing to eliminate the parking requirements and reduce the required landscape buffer from 50' to 10' to construct a Class A multi-story climate-controlled self-storage facility. The proposed facility will be 5 stories at 125,00 SF of storage with 40 units.

The variance request is currently for three (3) parcels. 803 Glendale Road is the location of a telecommunication tower that has an access easement to the property from 795 Glendale Road. 801 Glendale Road is a vacant warehouse.

According to Section 709 I Light Industrial zoning district the I-zoning is intended to have access to arterial roadways and utilities and discourage uses which are incompatible with light manufacturing. When located on the perimeter of an industrial node, I zoned properties should provide for uses that are low in intensity and scale to ensure compatibility with adjacent properties.

Mini-warehouse and self-storage facilities are permitted land uses in the I-Light Industrial zoning district with the required specifications.

Criteria for Granting a Variance (Article III, Sec. 308):

Criteria 1: There are extraordinary and exceptional conditions pertaining to the particular piece of property in question because of its size, shape, or topography.

The three (3) parcels do not have an extraordinary or exceptional condition pertaining to the size, shape, or topography. 803 Glendale Road is the location of the telecommunications tower that has an access easement from the property located at 795 Glendale Road.

Criteria 2: Such conditions are peculiar to the particular piece of property involved.

803 Glendale Road is the location of a telecommunications tower that has an access easement to the property from the property located at 795 Glendale Road, the location of a vacant warehouse. These conditions are not peculiar to the properties involved.

Criteria 3: Such conditions are not a result of the actions of the applicant.

The current conditions of the properties are not the result of the actions of the applicant. The such conditions existed prior to the purchase of the properties by the applicant.

Criteria 4: A literal interpretation of the provisions of this ordinance would create an unnecessary hardship.

A literal interpretation of the provisions of the ordinance would not create an unnecessary hardship.

Criteria 5: The variance requested will not cause substantial detriment to the public good nor impair the purposes or intent of this zoning ordinance.

The variance requested may cause a substantial disadvantage to the public good due to an established storage facility within 0.5 mile of the proposed site. The variances request to eliminate the parking requirements and reduce the landscape buffer will impair the purpose and/or intent of this zoning ordinance.

Criteria 6: The variance is not a request to permit a structure or use of land not authorized in the applicable district.

The applicant's variance request is not to permit a structure or use of land not authorized in the applicable zoning district. The request is to vary the development regulation requirements outlined in the zoning ordinance.

Staff Recommendation:

Staff recommends **DENYING** the variance request.

PURPOSE: To discuss the reallocation of \$250,000 of ARPA funds towards Rental Assistance.

NEED/ IMPACT: The COVID-19 pandemic has resulted in job loss for over 30 million Americans, resulting in financial hardships including inability to make monthly rental payments; and evictions of many families, which would cause more suffering, including exposure to COVID-19. We currently have over 50 residents that have been or are threatening eviction.

RESOLUTION CALLING UPON PRESIDENT BIDEN AND THE U.S. CONGRESS TO PROVIDE
ADDITIONAL ASSISTANCE TO THE RENTAL HOUSING COMMUNITY

Sponsored by AWET EYASU #2021-007

WHEREAS, the COVID-19 pandemic continues to negatively impact all aspects of our daily life; and

WHEREAS, to protect public health and slow transmission of this highly contagious communicable virus, the Center for Disease Control and Prevention and state and local departments of public health have issued various orders to close or limit a wide range of businesses and economic activity, causing widespread unemployment; and

WHEREAS, individuals exposed to COVID-19 may be temporarily unable to report to work due to illness caused by COVID-19 or quarantines related to COVID-19; and

WHEREAS, individuals directly affected by COVID-19 may experience loss of income and expensive health care and medical coverage making it impossible to fulfill their rent payment obligations; and

WHEREAS, the inability of renters to pay their rent directly impacts the nation's housing providers who depend on rent payments to make their mortgage and insurance payments, maintain their apartment buildings, pay their utility and refuse removal bills, and meet their property tax obligations that fund our community services; and

WHEREAS, the majority of our nation's housing rental stock is owned and maintained by small and mid-sized housing providers who lack the reserves to absorb any loss of monthly rental income; and

WHEREAS, since the beginning of the pandemic, many housing providers have worked closely with their residents by creating flexible rent payment plans, waiving fees and connecting residents with social services; and

WHEREAS, state and local governments have created rental assistance programs to assist renters and housing providers make ends meet; and

WHEREAS, in recognition of the impact on housing of this public health crisis, the United States Congress has approved \$25 billion in direct emergency rental assistance; and

WHEREAS, these efforts do not begin to address the housing crisis facing the nation as ten million renters were projected by Moody's Analytics to owe over \$57 billion in back rent in 2020 alone; and

WHEREAS, specific and targeted federal assistance is needed in the areas of short-term Emergency Response, mid-term Recovery, and long-term planning to Rebuild our nation's communities; now, therefore,

BE IT RESOLVED that we, the Mayor, and the City Council of the City of Clarkston, Georgia, call upon President Joseph R. Biden and the United States Congress to employ the full weight of the federal government to assist the rental housing community by incorporating the following policy priorities:

- Short-Term Emergency Response
- Provide assistance to residents that have been financially impacted by the virus,
- Provide additional allocations to the Emergency Rental Assistance Program to fill the assistance gap and respond more effectively to the outstanding need, and
- Promote flexible policies that enable grantees to widely and efficiently distribute rental assistance to all who are in financial need.
- Mid-Term Recovery
- Transition from early pandemic emergency response to a deliberate and sustainable recovery plan that provides resources to impacted businesses and residents, and
- Promote policies that continue to narrowly target and better assist those with enduring and demonstrable financial need, and
- Fully fund existing programs, such as the HUD Section Housing Choice Voucher, to fund long-term housing assistance.
- Long-Term Rebuilding
- Extend the "Build Back Better" initiative to the production of rental housing, with a focus on affordable, workforce and middle market housing, and
- Expand federal infrastructure priorities to drive new investment in rental housing, including affordable, workforce and middle market housing, and

BE IT FURTHER RESOLVED that a suitable copy of this resolution be presented to President Joseph R. Biden; the Honorable Speaker of the House, Nancy Pelosi; the Honorable Senate Majority Leader, Chuck Schumer; and the members of the Georgia congressional delegation.
